Renewing Italian Socialism: Nenni to Craxi, Nenni to Craxi, 1988, 360 pages, Boston
Spencer M. Di Scala Professor of History University of Massachusetts, 0195363965,
9780195363968, Oxford University Press, 1988

The first comprehensive history of Italian Socialism in English, this book ranges from the defeat of
Socialism by Mussolini in 1926 to its resurgence as a powerful force in Italian politics today. Di
Scala has not only combed the archives of Italy and America, but also interviewed an array of
prominent Italian and American sources, providing testimonies that are themselves likely to
become important historical documents. His sweeping, intensive survey sheds new light on
important Socialists such as Rodolfo Morandi and Pietro Nenni, and highlights the tremendous
accomplishments of Italy's first Socialist prime minister, Bettino Craxi. Di Scala demonstrates that
through a remarkable intellectual and political revival, the Socialists overcame their subjection by
the Communists and Christian Democrats and went on to radically transform the politics, economy,
and international affairs of modern Italy.
